About BUCT

Founded in 1958, Beijing University of Chemical Technology (BUCT) is a national key university affiliated with the Ministry of Education of the People's Republic of China. A member university of China's "211 Project", "985 Project Innovation Platforms" and "Double First-Class University Project". BUCT shoulders the mission of innovative talent training, scientific research, and high-tech development.

Over the past 68 years, through continuous efforts, BUCT has grown into a comprehensive multidisciplinary university rooted in science and engineering and enriched by distinctive disciplines such as business, economics, law, literature, philosophy, education, and medical science. It offers a complete talent development pathway from undergraduate to doctoral levels. In the Essential Science Indicators (ESI) rankings, chemistry, material science and engineering are among the top 1‰ in the world, computer science, environment/ecology, biology/biochemistry, geoscience, agricultural science, physics, Pharmacology & Toxicology, top 1%. The scientific research of BUCT has been in robust development in recent years. Its science and technology funds continue to hit record highs.

With **18** colleges and schools | BUCT is the home university of **16,000** full-time undergraduate students

10400 full-time postgraduate students (including 2,000 PhD students)

2,700 students of continuing education | around **400** international students

It hosts more than **2,700** faculty members and staff including **8** academicians from the Chinese Academy of Science and the Chinese Academy of Engineering and **5** international academicians.

With a global vision, BUCT has successively established partnerships with over 170 institutions all over the world. It offers a wide range of education programs to international students including bachelor's, master's and doctoral programs in Chinese and English, Chinese language and culture programs, and summer science camps. It runs around 90 study abroad programs, including exchange programs, joint degree programs, overseas training programs and summer/winter camps. BUCT constantly supports international research collaborations, which have generated abundant high-level research publications in top academic journals. It also hosts a wide range of international conferences and competitions.

The 21st century presents both unprecedented opportunities and profound challenges. Upholding its motto — "to be ambitious, virtuous, profoundly learned, and to serve people" — BUCT is committed to becoming a world-class university distinguished by its unique character and global influence.

Program Introduction

The Chinese Government Scholarship High Level Postgraduate Program is designed to cultivate high-level international talent, enhance academic exchange, and promote cooperation between China and other countries. It supports outstanding international students who wish to pursue Master's or Ph.D. degrees at leading Chinese universities. The China Scholarship Council (CSC), authorized by the Ministry of Education, manages the selection, admission, and scholarship administration process.

BUCT is a participating host institution and welcomes excellent candidates to apply for postgraduate study under this program.

Majors Available

All postgraduate programs at BUCT are open for CSC High Level Postgraduate Program application.

Applicants to Double First-Class disciplines are given priority.

Application Process

Application Deadline (February 28, 2027)

Applicants are strongly encouraged to apply as early as possible, as early submissions receive higher priority during the evaluation and document review process.

Note:

Applicants must complete applications on both the CSC Scholarship Portal and the BUCT Application Portal. Applications submitted on only one platform will NOT be reviewed.

Step-by-Step Application

- **Register on the CSC Scholarship Portal**

  Applicants must first visit the Chinese Government Scholarship Information System. They should select the High Level Postgraduate Program (Program Category: Type B), enter the BUCT Agency Number: 10010, complete the online application form, and upload all required materials.

Chinese Government Scholarship Information System

➡ ***https://studyinchina.csc.edu.cn***

- **Register on the BUCT Application System**

  After completing the CSC application, applicants must log in to the BUCT Application System. They should create an account, fill in all personal and academic information, and upload the supporting documents requested by BUCT.

BUCT Application Portal

➡ ***http://study.buct.edu.cn***

- Applicants who pass BUCT's preliminary evaluation are required to pay the application fee of CNY 500 and the application fee is non-refundable.
- Applicants who meet the eligibility requirements will be invited to take part in a comprehensive interview.
- Applicants who pass the evaluation process will be notified of their pre-admission status via email.
- Successful candidates will receive their final admission documents, including the Admission Letter and the JW201 / JW202 Visa Application Form.

Required Application Documents

Applicants must prepare and upload the following documents:

- The Application Form for the Chinese Government Scholarship, completed and submitted through the CSC online system.
- A clear copy of the passport home page, ensuring that all personal information is visible (valid for at least one year; applicants with previous experience in China must provide scanned copies of all relevant Chinese visas and residence permits).
- A notarized copy of the highest diploma (and degree certificate, if applicable), or an official certificate of student status for prospective graduates who have not yet received their diploma (confirming that the graduation certificate and degree certificate will be obtained before September 1, 2027).
- Academic transcripts from the undergraduate program onward, including all completed coursework and grades.
- Valid language qualification certificates:

  For Chinese-taught programs: Applicants must provide a valid HSK Level 4 report (with a score of 180 or above). Otherwise, a one-year Chinese language preparatory course is required, and the corresponding certificate must be obtained upon completion.

  For English-taught programs: Applicants must submit English proficiency certificates issued within the last two years, such as TOEFL 85 (or above) or IELTS 6.0 (or above) for Master's programs, and TOEFL 90 (or above) or IELTS 6.5 (or above) for Doctoral programs. Native English speakers are exempt, and other English certificates recognized by BUCT may also be accepted.
- An acceptance letter from a prospective BUCT supervisor (mandatory for doctoral program applicants).
- A study plan or research proposal, outlining academic objectives and research interests.
- Two letters of recommendation written by professors or associate professors who can comment on the applicant's academic ability and potential.
- Proof of academic achievements, publications, or other supporting materials, if available.
- The Foreigner Physical Examination Form and a blood test report, both issued within the last six months.
- A non-criminal record certificate issued by the applicant's local public security authority within the last six months.
- Physical examination report (issued within the last six months).
- A resume or curriculum vitae (CV) summarizing academic background, experience, and skills.
- An integrity commitment letter, confirming that all submitted information and documents are truthful and authentic.

Application Document Templates
